

IAN-Bangalore Chapter

Activity 2

Theme: Sketch and etch creative ideas in Neuroscience

November 16-17, 2020; NIMHANS, Bengaluru

Everyone has stories about themselves that define them. To know someone well is to know their story. The need for a good story presents itself more when you are choosing a profession. When you are leaving everything, you knew, behind without having left it yet and you are reaching towards a new life that is going to be your reality from now on without yet having gotten there. This transition point, when you are choosing the rest of your life, this is the story we are interested in. Among the myriad of choices, when it comes to career, each offering some compelling and tempting incentives along with their own hardships and challenges, one of the hardest one is choosing to be a researcher. Research is a journey paved with struggle, frustration, hard work and determination all leading to an obscure outline of the goal that may or may not be the breakthrough you are looking for. But it's the thin silver lining, it could be the sense of adventure or the thrill you feel chasing down that unknown that makes it all worth it. The joy it provides is immense and very few people can feel it or make sense of it, but the ones who do, each feel their own version of this happiness. The drive, that silver lining is different and unique for each of us. So, we want you to tell us yours. Was a PhD something you have wished forever or you stumbled on to it and decided you like it there or even if were just lost and you are still trying to figure it out.....any story is a good story and since it is a tale in making, there is no pressure for a happy ending, we are just looking for the story of where and how you have started.

Organizing Team

President

Bindu M Kutty, Professor of
Neurophysiology, NIMHANS

Secretary

Laxmi T Rao
Professor of Neurophysiology,
NIMHANS

Treasurer

MM Srinivas Bharath
Professor of Clinical Psychopharmacology
and Neurotoxicology (CPNT), NIMHANS

Executive Members

Sarada Subramanian
Professor of Neurochemistry
NIMHANS

Balaji J
IISC, Bengaluru

Ravi S Muddashetty
InStem, Bengaluru

James C. Chellaiah
JNCASR, Bengaluru

Bhupesh Mehta,
Asso. Professor of Biophysics, NIMHANS

Nandeesh,
Asso. Professor of Neuropathology,
NIMHANS

Speakers: PhD scholars and Postdocs

Deadline for application:

31st October 2020

Registration fee: Nil

Symposium Mode: Online

Eligible participants:

Ph.D, M.Sc & M.Tech students, Post-docs,
Junior scientists & faculties from
government & private colleges, and
State/Central Universities.

How to apply: Abstract should be sent in
the prescribed format to the program
coordinator.

Organizing Team:

Members of IAN-Bangalore Chapter

Program Co-Ordinator:

Bhupesh Mehta,
Department of Biophysics,
NIMHANS, Bengaluru;
Contact Email: ian.karnataka@gmail.com

Program

Theme: Sketch and etch creative ideas in Neuroscience

November 16-17, 2020; NIMHANS, Bengaluru

Day 1 (November 16, 2020):

Session 1: Sketch your ideas for the PhD – Student Spotlights

Session 2: Science as Culture – early post-doc experience

Day 2 (November 17, 2020):

Session 3: Options to advance career after PhD – Lessons learned

Session 4: Workshop

Workshop topic: Innovations in Academia into a business model – Cultivating an entrepreneurship mindset in young minds

Workshop Leader: Dr. Lakshmi Jagannathan, DERBI Foundations, Bengaluru

Who can participate in the workshop?

Delegates who are keen on converting their idea to a product to meet market needs.

Maximum of 10 candidates will be selected to participate in the workshop.

Contents of the workshop will focus more on methods to turn research findings into a business opportunity:

- (1) Idea validation for Business model
- (2) Patents and Intellectual Property Rights
- (3) Commercial Sustainability

Registration Form (IAN-Bangalore Chapter)
