The Indian Academy of Neurosciences (IAN) hosts an annual event that draws over 400 neuroscientists from India and abroad. This conference offers a unique opportunity for researchers to share their latest findings and experiences, hear from leaders in the field of neuroscience, exchange ideas, compete for prestigious awards and orations, and apply for positions within the Academy. In addition, participants can showcase their products to like-minded enthusiasts, explore new initiatives, network with peers, and more. Attending the IAN event promises to be an enriching and rewarding experience for anyone interested in the field of neuroscience.

We are inviting proposals and suggestions for:

- **Special lectures (Propose names of senior scientists for Plenary Lectures, Invited Lectures, etc.)**
- **Symposia (On emerging areas of neuroscience with 4-5 speakers, please provide its present time relevance and details of the speakers with their consent mails.)**
- **Pre- and Post-Conference Satellite Workshops/ training programs, etc. (Please provide a short note on the need and outcome of the event with information on the perspective participants.)**
- **Fair on Neuroscience Education in India**
- **Neuroscience Advocacy suggestions**
- **Initiate an initiative (Propose smaller and close group that can end up as a long-term collaboration/ initiative.)**
- **Exhibition (Propose participation or suggest the products and perspective business houses for their participation.)**
- **Advertising and sponsorship suggestions, efforts and ideas.**
- **Picture suggestions for the flyers, covers of Conference documents.**

**PLEASE SEND US YOUR SUGGESTIONS AND PROPOSALS ON OR BEFORE
31st MAY 2023**

We look forward to host you at Gwalior and for your active participation.
